DETAILED ACTION

Information Disclosure Statement

1. The information disclosure statement filed 10/31/05 has been considered and made of record.

Response to Amendment

2. Rejections and/or objections made in the previous office action but not repeated herein are withdrawn in view of applicant's response filed 12/01/05.

Claim Rejections - 35 USC § 103

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claims 1-15 are rejected under 35 U.S.C. 103(a) as being unpatentable over Takahashi for reasons of record in the office action dated 07/28/05.

Response to Arguments

5. Applicant's arguments filed 12/01/05 have been fully considered but they are not persuasive. Applicant asserts that the applied prior art is not enabled for sapphire single crystals having the dimensions presently claimed. This assertion, however, merely relies on attorney argument and is unsupported by evidence in the record. Accordingly, this argument is not found to be persuasive.
6. The Examiner reiterates the position taken in the office action dated 07/28/05, that optimizing the various geometric parameters of Takahashi would have been obvious to the skilled artisan at the time the invention was made. There is no evidence in the record that such endeavor would not have been possible for that person. Again, applicant's arguments to the

Art Unit: 1775

contrary are not persuasive, since they merely rely on unsupported attorney argument. Such arguments are not persuasive to demonstrate that the applied prior art is not enabled.

7. In light of the above, applicant's arguments have been considered, but are not found to be persuasive.

Conclusion

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
